Folio ① and enclosures referred for your observations please.

2. It appears that the S/Ed omitted to arrange for the cost of the laboratory to be considered at the last Estimates Ctee (cf. folio ①b)

3. The work envisaged at folio ① includes

- (a) dormitory
- (b) laboratory
- (c) lecture room
- (d) library
- (e) master's room
- (f) ablution facilities

Total cost
£18,000

A re. note at item 12 of Head XLI provides
£3,600 for (a)

Folio ①b approves consideration of cost of (b)
by Est Ctee.

(c) (d) and (e) seem to be new items
(f) was probably intended originally, the cost to
be met from the grant provision for (a) & (b)

Mr. Lockwood.

I regard the proposal of the S/Ed as a new proposal
since only a dormitory was considered for inclusion in the
1946/47 estimates. A major scheme of this nature should
therefore be submitted in connection with new proposals
for 1947/48 in accordance with paragraph 3(a) of General
Circular No. 12 of the 14th Sept. 1946.

Thank you. The proposed extension of the
school can be discussed in estimates committee. The
interest, from the investments of the Kadoorie Request, is
credited to revenue, but used indirectly to meet the
cost of maintaining the school. It is, I consider, advisable
to meet additional building costs from Government funds,
leaving the Request investments available to offer
recurrent expenditure.

No. 1820/1/PE

GOVERNMENT OF PALESTINE,
DEPARTMENT OF EDUCATION,
JERUSALEM.

12 August, 1946.

CHIEF SECRETARY.

Subject :- Tulkarm Agricultural School - extension.

Reference:- Letter No.14/4/1 of 24th July, 1946, from Director of Public Works, copy of which is attached.

Under Item 12 of Head XLI of the 1946-47 Draft Estimates provision of LP.3,600 is made as a revote, for the construction of a new dormitory at the Kadoorie Agricultural School, Tulkarm.

2. The work has not been proceeded with as it was considered advisable that the construction of the dormitory be undertaken in 1946-47 as one building conjointly with the laboratory building referred to under 1 of Schedule A, submitted under cover of my letter 1820/1/PE dated 7th November, 1945.

The intention is that the dormitory be built above the laboratory and to include in the same building a lecture room, library, masters' room and ablution facilities for the increased number of students.

3. In your letter No.F/45/29/45 of 15th November, 1945, authority was given for the inclusion of the works, shown in my Schedule A. referred to in paragraph 2 above, in the Draft Estimates for 1946-47 but I am now informed by Director of Public Works that no separate provision has been made in the current Draft Estimates for a laboratory at Tulkarm.

4. Plans for the new block have now been prepared by Director of Public Works for construction to be undertaken in two stages, as outlined in paragraphs 2 and 3 of his letter attached.

Stage (i) is estimated to cost LP.6,000 and
Stage (ii) LP.12,000.

It is however most essential that both stages (i) and (ii) should be completed at the same time.

5. Existing boarding accommodation is insufficient for the proper supply of rural teachers and it is necessary to increase the boarding places in order to maintain the numbers and efficiency of the teaching service. The construction of the laboratory and ancillary works is likewise essential and will enable existing accommodation in the main school building to be made available for additional classrooms which are also urgently needed.

6. As regards the financial side, I suggest that the sum of LP.14,400, being the difference between the LP.18,000 required for the two stages and LP.3,600 available, may be met from the deposit of LP.101,082 available under Sir Ellis Kadoorie bequest vide page 2 of the 1946-47 Draft Estimates.

P.T.O.

7. Should my proposal in the preceding paragraph not prove possible I shall be obliged if your authority may be given for the required additional expenditure of LP.14,400 from Palestine Funds.

8. It is suggested that the Trustees of the Kadoone bequest be approached with regard to the use of capital funds at their disposal.

X / It should be pointed out that any resultant diminution of income from the Kadoorie bequest would be made good from Government revenues. The school is in actual fact largely supported from public money and is likely to become more and more a completely public school.

Proposed Extension.

Enclosed is a copy of a sketch No.B/1751/1 showing the accommodation which you informed Mr. Ascher verbally on 24-6-1946, you required. Enclosed is a sketch No.B/1751/2 showing an alternative arrangement of the accommodation.

2. "Stage I" comprising two dormitories, with ~~one~~ dormitory on each floor for 12 pupils (dormitory on ground floor to be used as library when "Stage II" is built), and with one W.C. and one wash basin on ground floor, is estimated to cost LP.6,000.-

3. "Stage II" which includes on ground floor one lecture room and a laboratory, and on first floor a dormitory for 12 pupils, an ablution room for 24 pupils, and a masters flat, is estimated to cost an additional LP.12,000.-

4. The construction of one dormitory for 12 pupils as part of "Stage I" is estimated to cost LP.4,000.-, but it is not recommended that a part only of "Stage I" should be built as, apart for the initial extra cost, there would be additional extra work and expense later when the remainder of "Stage I" was to be built, in tearing up roof asphalt, etc.

5. Please let me have your comments on the sketches and in view of the particulars stated above, information with regard to the provision of any funds additional to the sum of LP.3,000.- referred to in my letter 14/4/1 dated 23-5-1946 required to carry out the part or stage of construction of the extension desired by you.

Estimates 1946 - 1947.

In accordance with the procedure set out in General Regulation 318 Heading B., I make formal application for the inclusion in the Estimates for 1946-47 of works shown in the attached schedule A.

2. These works were not submitted before 1st August as in normal circumstances required by General Regulation 318 B (f) because it was not clear whether Government was prepared to consider such projects this year.

3. I also attach Schedule B showing a first list of works scheduled under Priority C in the Reconstruction Commissioner's Report. These require early provision either from Palestine funds or from funds under the Colonial Development and Welfare Act as may be considered most appropriate.

11- I am directed to refer to your letter No.1820/1/PE dated the 12th August 1946 on the subject of the extension of the Kadoorie Agricultural School Talkarm. It has not proved possible as yet to trace the papers of this office concerning the Sir Ellis Kadoorie bequest and I am to ask you to provide from your files any relevant references to my archives. If you have available a copy of a convenient summary of the history and conditions of the bequest you should forward it to this office.

2. I am to observe that, apart from the possibility of using the bequest which will be examined, the proposal now under consideration which envisages an expenditure of LP.18,000 as compared with the provision in the current estimates of LP.3,600, constitutes a new major scheme which should be submitted for consideration in connection with the 1947/48 draft estimates in accordance with paragraph 3(a) of my general circular No.12 of the 14th September, 1945.
